

## 2024 CMC<sup>3</sup> Foundation Mathematics Scholarship: Nomination Packet

The CMC<sup>3</sup> Foundation awards scholarships to qualified and deserving California Community College students who demonstrate promise and interest in the area of Mathematics and Mathematics Education.

To be eligible for nomination for a CMC<sup>3</sup> Foundation Mathematics Scholarship, the student must meet the following criteria at the time the CMC<sup>3</sup> Foundation Mathematics Scholarship application is submitted.

- The student must have successfully completed a minimum of 30 college semester units (or 45 quarter units), including at least 8 semester units (or 12 quarter units) at a [CMC<sup>3</sup> region college](#).
- The student must currently be enrolled in a minimum of 6 semester units (or 9 quarter units) at a CMC<sup>3</sup> region college.
- The student must either be enrolled in or have completed a course at the level of Calculus 2 or higher, if offered at their college. If there are extenuating circumstances that do not allow the student to enroll in Calculus 2 or higher, the faculty nominator should describe this in their recommendation.

To be considered for a CMC<sup>3</sup> Foundation Mathematics Scholarship, an eligible student must be nominated by a mathematics faculty member at a college in the CMC<sup>3</sup> region who is a current member of CMC<sup>3</sup> at the time the application is submitted. A faculty nominator may nominate only one eligible student each year. The faculty nominator must email a complete scholarship nomination packet as a single PDF file to the CMC<sup>3</sup> Foundation President, Katia Fuchs, at the email address [foundation-president@cmc3.org](mailto:foundation-president@cmc3.org) by Friday April 19, 2024. **Submissions received after this date will not be considered.**

A complete CMC<sup>3</sup> Foundation Mathematics Scholarship nomination packet includes:

- the Faculty Nomination portion completely filled out by the faculty nominator,
- the nominated student's responses to the information requested in the Student Responses portion, and
- a copy of the nominated student's *unofficial* college transcripts.

## 2024 CMC<sup>3</sup> Foundation Mathematics Scholarship: Faculty Nomination

**Tell the scholarship selection committee your reasons for nominating this student. Provide details that demonstrate why this student is deserving of a CMC<sup>3</sup> Foundation Mathematics Scholarship.**

## 2024 CMC<sup>3</sup> Foundation Mathematics Scholarship: Student Responses

The members of the CMC<sup>3</sup> Foundation Board will determine which of the eligible nominated students receive a scholarship as well as the monetary amount of the scholarship based upon the recommendations of the Mathematics Scholarship Selection Committee. Their decision will be based on the nominated student's responses to the following requests for information, the nominated student's college coursework and GPA documented in the student's college transcripts, and the nominating faculty's recommendation.

**1. Tell the scholarship selection committee about your educational and career goals.**

**2. Tell the scholarship selection committee about your leadership and service experience.**

**3. Tell the scholarship selection committee about your involvement with mathematics outside the classroom.**

**Replace this page of the scholarship nomination packet with  
a copy of the nominated student's unofficial college transcripts.**

**The nominated student's unofficial college transcripts  
can be more than one page in length.**
